## POINTS TO REMEMBER FOR TEACHERS

1. Cover the table or mat with plastic sheet or an old newspaper.
2. Collect all the materials and equipments you need before the activity and put them on the table or mat.
3. Protect your children clothes by wearing apron.
4. Roll up your and children sleeves.
5. The demonstration of the activity should be visible for all the children.
6. Before starting the activity motivate the children so that they may get involved.
7. Introduce the activity which you are going to perform, e.g. if you are crafting a lion mask so introduce and show them the picture of a lion first.
8. Do the activity step by step with children; make sure every child is following your instructions.
9. Your instructions should be very clear and simple so that children might understand easily.
10. Make sure children are not using any sharp edged material like cutter or pointed scissor etc. these materials can only be used by teachers.
11. Give children round shape scissors
12. If the cutting work is difficult, too much or consists of tiny objects, the teacher must cut before the activity in her free time for all children.
13. Help the child when it is required otherwise do not interfere, just observe.
14. Help children for folding if required.
15. Always use transparent glue.
16. Teacher should keep patience during the activity as children do work slowly.
17. After the activity, guide the children to wash their hands with soap and put all the material back to its place.
18. Appreciate the children for their work by using simple sentences like, “wow! you have done a great job.”, “bravo”, “superb” or “excellent” etc.
19. Wash all the brushes and let them dry.
20. Clean the place and things then arrange all the material back to its appropriate position.

# Body Parts

Date:

## Material Needed:

- Scissors
- Glue

## Instructions:

Cut & paste the parts of the body on the right place of the picture.

Outcome

# My Crown

Date:

1 Take a strip of chart paper 5 inches long and wide according to child's head.

2 Fold the strip into half. And draw a line for the pattern of the crown.

3 Draw the pattern on the strip as shown in the picture.

4 Cut the pattern with the scissors. And unfold the strip.

5 Draw circle on the colorful papers with the help of bottle cap and cut it.

6 Apply glue on circles and paste them on the crown.

7 Decorate the crown with glitters and beads.

8 Join the both ends of crown and then staple it.

9 Crown is ready.

## Material Needed:

- Pencil
- Scissors
- Scale
- Stapler
- Any Coloured Chart Paper
- Colour Paper
- Glitters
- Beads

## Instructions:

Help child to cut the pattern of the crown and circle for the crown. Teacher also draws any pattern just like zigzag, round & triangles.

**Material Needed:**

- Tube Paints
- Marker

**Instructions:**

Take tube paint and make dots on the half wing of the butterfly then fold the page into half & press it to get the print for second wing. Draw the tentacles with marker.

**Outcome**

- 1 Take a paper glass and paint it with green paint.

- 2 Draw legs of the frog on green chart paper and cut it with scissors.

- 3 Draw the hands of frog on the green chart paper and cut them with scissors.

- 4 Draw a tongue on a red chart paper and eyes on white paper. Cut them with scissors.

- 5 Paste the arms and legs on the frog as shown in the picture.

- 6 Paste the eyes and tongue on the frog as shown in the picture.

## Material Needed:

- Paper Glass
- Green Paint
- Green & Red Chart Paper
- Scissors
- Whit Paper
- Glue

## Instructions:

Help the child to cut the legs, hands, eyes and tongue. You can also make bird, peacock, duck with the help of paper glass.

# ART & CRAFT

Pheasant Art & Craft Series is a perfect series for children to explore natural potential and learn creativity. This series is packed with art and craft activities. These books allow children to express unique ideas, feelings and interest.

All the activities can be practically performed by children. Every single page there are instructions for the teacher. Written steps and pictures are also there to guide and help.

Pheasant Art & Craft activities are based on following themes:

- |            |                |            |               |
|------------|----------------|------------|---------------|
| 1. My Self | 2. Food        | 3. Seasons | 4. Plants     |
| 5. Animals | 6. Professions | 7. Places  | 8. Technology |

Each theme contains three art activities and three craft activities.

Children can learn following art skills after completion of the book:

- |                 |              |            |           |
|-----------------|--------------|------------|-----------|
| Cutting,        | Pasting,     | Colouring, | Folding,  |
| Making Collage, | Imagination, | Selecting, | Arranging |

Let your little ones express their feelings through colouring, creativity through tools and learning through new ideas.
