PHEASANT
ENGLISH
Alphabet, Vocabulary and Basic Word Building

Pheasant English Pre-primary series consists of three books named **Primer, Foundation-1** and **Foundation-2**. Pheasant Primer focuses on beginning sounds of letter, while Foundation-1 on primary vowels as well as basic word building. Moreover Foundation-2 emphasizes on word making, sentence making and reading comprehension.

The series contains two effective teaching methods including Sight Reading and Phonics. The Sight Reading technique strengthens child's memory; helps in comprehension, and absorbing knowledge. While Phonics is the method in which we teach letters through their sounds (Phonemes). It is globally used for effective word building in English, Arabic and Urdu.

Through this series children will learn sounds of alphabet, vowel and consonant blends, diagraphs, three letter words, key words, sentence making, story reading, writing practice and various pedagogical concepts which will help them understand complex text in upcoming primary classes. Along with this series **Pheasant Workbook** is used to reinforce writing practice.
